

# Advance your Knowledge of Self-Directed IRAs with RITA in Washington, DC

**The Retirement Industry Trust Association (RITA) is a national trade association comprised of trust companies, banks and third-party administrators that administer self-directed retirement plans holding alternative assets. Join RITA members with more than \$100 billion in assets at this knowledge advancing conference in Washington, DC on March 24-27, 2019.**

## **RITA was established in 1987 to:**

- **Promote, through legislative and regulatory lobbying activities, the interest of trustees, custodians and administrators of self-directed retirement plans holding alternative assets.**
- **Encourage the development and use of uniform procedures in the administration of self-directed retirement plans.**
- **Provide a forum for the exchange of general information about efficient administration of self-directed retirement plans.**
- **Improve business conditions in the industry devoted to marketing self-directed retirement plans.**
- **Stimulate personal and professional development and education among members.**

"The RITA conferences are unlike any that I have attended during the three decades in the trust business. There are virtually no gatherings where you can sit down with your peers and competitors to discuss truly significant common problems, with next step resulting in both guidance and solutions. All trust and administrative professionals that have any interest in the Individual Retirement Account world should participate."

Gary Anetsberger, CEO, Millennium Trust Company

## **RITA SPRING 2019 Conference**
